

ESG GLOBAL

8 - 9 March 2022

An elite panel of speakers providing engaging, informative discussion on relevant ESG topics no matter where you are in your ESG journey,

Excellent topics and content!

I found the different topics of discussion diverse, applicable and very interesting!

Very well organized, knowledgeable speakers and really topical panel discussions! I am very glad I followed this event.

I have attended online ESG World Forum this year and I really appreciated the broad content they deep dived. Can't wait for next year!

ESG Global, brought to you by GRC World Forums, is our new livestream experience focusing on the critical topics, challenges and debates this sector is facing when implementing ESG strategies within their organisations.

This is fast becoming a topic which is on the high on the agenda for multiple teams within an organisation and has escalated in importance since the recent report issued by the IPCC brought to light the extent of the problem.

GRC World Forums produces high quality livestream experiences and in-person events for the governance, risk and compliance sectors. Attracting senior executives and professionals alike, curating and educating targeted communities through high-quality, editorial content.

At GRC World Forums we believe that no matter how much circumstances change, we're in this together as we navigate new realities, along with our customers, partners, and the broader ESG community.

We are delighted to offer limited 'early bird' opportunities for vendors to reach and engage with a large audience via a 3-month campaign.

From engaging channels, sponsored rooms, hosted content hubs to expert content sharing and awareness – ESG Global will take place on

8 - 9 March 2022
